Project Coordinator
Dr. İpek Derman

"Teaching Observation" is a program carried out to improve the quality of teaching service in all courses at every level in our university, where the needs of the instructors and course-specific situations are discussed with the course supervisor. In the teaching observation process, three stages are followed: (1) pre-interview, (2) lesson observation and (3) post-observation evaluation interview with the instructor in charge of the course.

In the Fall Semester of the 2023-2024 Academic Year, the following professors participated in our Teaching Observation by hosting us as guests in their courses.

Project Coordinator

Dr. S. Yeşer Aslanoğlu

Academic Orientation is designed to facilitate the adaptation of research assistants who are new to the University and are at the initiation phase of their academic careers, to reveal research opportunities and supply project resources to them, and to provide them with necessary teaching skills. Hacettepe Family continues to grow and develop with research assistants joining us every year.

21 Research Assistants who recently started working in 7 different academic units at the Faculty, Institute, and School level at Hacettepe University participated in the 6th Academic Orientation, which we organized in the Fall Semester of the 2024-2025 Academic Year on January 23rd-24th, 2025. The trainings, consisting of eleven main modules, were held on January 23rd-24th, 2025, at Beytepe Campus, STL Classroom.
